# Dear Colleague,

Greetings!

We hope you plan to attend the AANS/CNS Joint Cerebrovascular Section Annual Meeting, once again with programming in conjunction with SNIS. In advance of the International Stroke Conference in Los Angeles, CA, this meeting continues its consistent commitment to excellence in the neurosciences and patient care, and growing collaborations in cerebrovascular treatment.

To that end, this year's two-day meeting will provide outstanding programming across a wide range of topics. Headlining the educational tracks are session blocks dedicated to the high risk cerebrovascular and endovascular patient, scientific research, nuances of cerebrovascular surgery, practice patterns, as well as an informative session on complications.

In addition to scientific sessions, specific meeting highlights include the popular annual Luessenhop Lecture, this year given by Dr. Jean Raymond. Beyond featured sessions, attendees will have plenty of opportunities to interact with industry through several sponsored symposia, as well as in the Exhibit Hall. And, just to ensure a little respite from such an ambitious agenda, the program committee has planned the Taste of Los Angeles reception with a myriad of indulgences for your enjoyment.

As the neuroscience field continues to evolve in ways that significantly impact medicine as well as patient care, it is more important than ever that we nurture our opportunities for partnership and collaboration. Through our collective clinical and institutional knowledge, as well as our mutual commitment to and passion for advancement of treatments that can revolutionize the quality of cerebrovascular care, we are endowed with a great responsibility. We trust this meeting will provide opportunities to glean more insights and create new intersections of thought that will further inspire us to carry out our respective missions, and meet our full potential as difference-makers in the neurosciences.

See you in Los Angeles!

Sincerely,

**Peter Najaki, MD**

- 4:15 pm – 4:30 pm Randomized Controlled Trials: When We Need Them and When We Don't, *David Fiorella, MD, PhD*
- 4:30 pm – 4:45 pm Justifying the Need for Another Randomized Aneurysm Trial, *Robert Spetzler, MD*
- 4:45 pm – 5:00 pm Has ARUBA Changed the Current Management of AVMs?, *Gregory Zipfel, MD*

### **DIDACTIC SESSION** – Complications: Our Worst Case Scenarios

*Moderated by Peter Nakaji, MD & Felipe Albuquerque, MD*

- 5:00 pm – 6:00 pm Panelists: *Alejandro Berenstein, MD, Saruhan Cerkige, MD, Jean Raymond, MD, & Robert Spetzler, MD*

## Continuing Education Statement

**Accreditation Statement:** This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Institute for the Advancement of Human Behavior (IAHB) and the Society of NeuroInterventional Surgery (SNIS). IAHB is accredited by the ACCME to provide continuing medical education for physicians.

**Credit Designation Statement:** IAHB designates this live activity for a maximum of 11.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

# Taste of Los Angeles Reception

Los Angeles' warm, dry climate, combined with its proximity to Mexico and its accessibility to the ocean, makes it a haven of fresh, flavorful cuisine. Contemporary LA chefs are creating multicultural dishes that are already considered modern classics.

We encourage our attendees to feast their way through the neighborhoods of LA – Sunset & Vine, the Hollywood Hills and Rodeo Drive. Street tacos, udon noodles, sliders and sushi, the menu will truly delight and satiate all who attend. Here's to an evening of engaging company, spectacular views and culinary opportunities local only to Los Angeles!
